Country Nuclear Power Profiles

2017 Edition

[Non-serial Publications](#)

Subject Classification: 0700-Nuclear power

IAEA-CNPP/2017/CD; (ISBN:978-92-0-150818-8); 0 pp.; 0 figures; € 95.00; Date Published: 2018

The Country Nuclear Power Profiles (CNPP) publication compiles background information on the status and development of nuclear power programmes across participating International Atomic Energy Agency (IAEA) Member States. The publication summarizes organizational and industrial aspects of nuclear power programmes and provides information about the relevant legislative, regulatory and international framework in each State. The descriptive and statistical overview of the economic, energy and electricity situation in each State and its nuclear power framework is intended to serve as an integrated source of key background information about nuclear power programmes throughout the world. This 2017 edition, issued on CD-ROM and available online at <https://www-pub.iaea.org/books/IAEABooks/12350/Country-Nuclear-Power-Profiles>, contains updated country information for 50 States.

Arrangements for the Termination of a Nuclear or Radiological Emergency

General Safety Guide

[IAEA Safety Standards Series](#) No. GSG-11

Subject Classification: 0610-Accident response

STI/PUB/1796; (ISBN:978-92-0-108017-2); 189 pp.; 20 figures; € 53.00; Date Published: 2018

This publication provides guidance and recommendations on arrangements to be made at the preparedness stage, as part of overall emergency preparedness, for the termination of a nuclear or radiological emergency and the subsequent transition from the emergency exposure situation to either a planned exposure situation or an existing exposure situation. It elaborates the prerequisites that need to be fulfilled so that responsible authorities can declare the nuclear or radiological emergency ended and it gives detailed guidance on adapting and lifting protective actions. This publication, jointly sponsored by 10 international organizations (FAO, IAEA, ICAO, ILO, IMO, INTERPOL, OECD/NEA, UN OCHA, WHO and WMO) is intended to assist Member States in the application of IAEA Safety Standards Series Nos GSR Part 3 and GSR Part 7.
